G1200 TELE Gives you amazing reach and lift height in a small package Articulating Wheel Loaders give you the compact power maneuverability and high lift capacity of a skid steer without damaging grass or requiring plywood to protect lawns. We sell Giant Wheel loaders and CID and Branch Manager Grapples for Tree Landscape and Construction.

The G1200 TELE has a lift capacity comparable to the biggest Mini Skid Steers like the Toro Big Dingo TX1000 but is easy on the yard making it a machine you can use to speed up most any job it also features a telescoping boom for outstanding lift height and reach.

Tire options:

Upgrade to dual tires for only \$3300. Dual 8.5 tires are 39 wide with single and 56 wide with outer duals mounted. Inner wheels are foamed outer wheels are pneumatic (air). Foam for no flats softer ride increased stability and increased lift capacity as foam is heavy and works like counterweights adding 300# to machine and increasing tip capacity.

G1200 series gets choice of 8.5 10.5 or 13 wide turf tires. Duals \$2500. Duals with Foam Inner \$3300

Note weights and lift capacity listed is before counterweights and foam tires added. With foam tires and counterweights machine will have even higher lift capacity!

Kubota 25HP Engine

Service Weight: 2420 LBS

Rated Operating Capacity 1000 LBS

Lift Height Retracted: 7' 1 (85.4)

Lift Height Boom Extended: 9'3 (111)
